The Bersted Buzz

Home Library Direct

Home Library Direct as it is now known, is a service whereby DBS-checked volunteers select, deliver and return books and other library items to people in their own homes who find it difficult to visit the library. This free service is for anyone who is unable to access the library due to age, illness, disability, caring responsibilities or other reasons. If you would like this service or know anyone else who would benefit, please contact or visit your local library for an application form, or complete the online form here: www.westsussex.gov.uk/HLD

Editorial

As we approach the end of another year I thought it would be appropriate to take stock of your Parish Council's achievements. On the debit side we were unable to produce a Parish Festival this year due to last minute cancellations and a lack of sponsorship. Hopefully we will be back on track in 2018. Elsewhere, great efforts have been directed at fighting off yet more unwanted housing developments with varying degrees of success. Sadly the countryside eating monster we call ADC appears unwilling to either listen to us or care about the resultant chaos that will undoubtedly emerge. There will be much more of this to come next year. On a more positive note the summer play schemes that we fund were once again well received across the parish, our shiny new meeting room is proving a great success, Lord Lucan helped us to trend on social media (!) and we have managed to recruit a full quota of councillors at last. Seasons greetings to all our faithful readers - we will be back next year to pass judgement on the infamous Arun Local Plan!
